

Bell May Seek Republican Nomination for Governor

PRESS-HERALD

JULY 14, 1965 B-11

Congressman Alphonzo Bell, Republican of the 28th District, has disclosed he may become a Republican candidate for governor of California in 1966.

Bell made the disclosure in an interview with the Republican Trunk Line, official publication of the GOP Central Committee in Los Angeles last month. The interview is printed in the current issue, mailed to GOP workers Monday.

"I have not announced my candidacy for the gubernatorial nomination," Bell said, "But having seen what our party has done to itself in the past, I have left the door open."

BELL ALSO said the door was open to any Republican who "would rather work with their fellow Republicans than fight with them in 1966."

Bell, 50, was first elected to Congress in 1960 and presently represents the most heavily populated district in California. He was re-elected to a third term last November by some 97,000 votes, largest margin of a Republican elected to the House of Representatives in 1964.

A founding member of the Wednesday Club, a group of Republican moderates in the

House, he is a member of the Science and Astronautics Committee and the Education and Labor Committee.

"THE DECISION I make to run or not to run will be, in effect, a reaction to the way announced Republican candidates deal with public policy and with each other in late 1965 and early 1966," Bell said.

"I am not bargaining to become a compromise candidate," he continued, "I am saying only that I could emerge in our party just at a time when GOP prospects self-destructing, exclusionary would otherwise be bright."

"THE CONGRESSMAN said he does not 'rejoice at the thought of my involvement in so exhausting a campaign. For this reason I do not foreclose the possibility that I might simply express an endorsement of a candidate from among those who may be formally seeking the nomination."

"To me," Bell added, "the important thing is Republican victory."

Bell said he thought most people understand that Republicans could not "lose either liberals or conservatives in our party and hope to win in November."
